Regular Classes:

These classes are open to all dogs, 18 months of age or older, as described within the current rules of the Agility Association of Canada.

Specials Classes:

These classes are open to all dogs but are intended for dogs that are of a size or stature which limits their jumping ability. A dog may no longer compete in Regular classes after being entered at an official trial in any

Specials class level,

except that they may move to Veterans.

Veterans Classes:

These classes shall be for dogs seven (7) years of age or older that are currently competing in any

Regular Class and for dogs five (5) years of age or older who have competed in the Specials Class level for a minimum of twelve (12) months

Starters Games Classes:

Effective January 1, 2009, moving out of Starters Games classes into Advanced now requires two (2) qualifying scores under two (2) different judges.

Advanced Games Classes:

Effective January 1, 2009, the Advanced Games classes are open to dogs that have earned two (2) qualifying scores in a particular Starters level game under two (2) different judges. Moving out of Advanced now requires three (3) qualifying scores under two (2) different judges.

Masters Games Classes:

The Masters Games classes are open to dogs that have completed three (3) qualifying scores at the Advanced level for a particular game under two (2) different judges.

Standard Class:

The Standard Class shall be for dogs that have not earned the associated standard title for their level (ADC, AADC, or MADC). A dog must achieve three (3) qualifying scores (no course or time faults) under two (2) different judges in their respective level, at an AAC Sanctioned Trial, to be awarded the Standard class title (ADC, AADC, or MADC).

Gamblers Class:

This game demonstrates the handler's strategy and the dog's ability to work at a distance from the handler. The object of the game is to accumulate as many points as possible during the opening sequence and successfully complete the gamble.

Jumpers Class:

This game demonstrates a dog's natural jumping ability.

Snooker Class:

This game demonstrates the handler and dog's versatility as they work together against the clock. The object of the game is to accumulate as many points as possible in the opening and closing sequences within the allotted time.

Team Class:

Effective January 1, 2010 Team Relay is now a single level class with a title structure equivalent to Steeplechase. This is a time plus 5 fault event where a maximum of 5 Faults shall be permitted for a qualifying score if the time plus faults score is equal to or less than the SCT determined by the judge.

Steeplechase:

This game demonstrates the dog's ability to run and jump at high speeds while maintaining control on the A Frame and weave poles. This is a time plus faults event where the combined time plus faults score must be equal to or less than the SCT as determined by the judge.

AAC Challenge:

Challenge is open to dogs competing at the Masters level only in Standard classes. Required equipment will be the same as in Standard courses with the possible addition of the table and/or broad jump, but course design will emphasize more technical handling challenges than would be seen in a Standard or Steeplechase class. Standard course time will be determined after each height class runs by multiplying the fastest clean run time achieved in that height class by 1.2. FEO runs will be allowed at the club's discretion.
